Community NEWS at a glance

Lions Fish Fry

The 17th annual Upland Host Lions Club fish fry will be held Friday, August 7, from 4 to 8 p.m. in Memorial Park. The major benefit program of the year, the Upland Host club, 45 years old this year, has budgeted more than \$7,000 next year for boys' and girls' activities and other community service projects. The club sponsors eye glasses for needy children; a Sea Scout ship; medical research, especially for childhood diseases; crippled and neurologically handicapped programs; camperships; Little League; and narcotics rehabilitation programs, according to Loren Sanchez, club vice president.

Donations are \$2 for adults and \$1 for children. There will be a queen contest and youth activities planned throughout the four-hour fish fry.

School elections

A newly passed assembly bill allows school elections to be held on the same date as general city elections, the second Tuesday in April in even-numbered years.

If an incumbent's term of office is extended because of this legislation, he shall hold office until a successor qualifies therefor, but in no event shall the term of an incumbent be extended to exceed four years.

Quimby luncheon

Assemblyman John Quimby of the 72nd district and running for re-election will be honored at a luncheon Saturday, July 25, at the Mural House, 1850 E. Holt Blvd. Quimby will be introduced by Eugene Nisbet, former state senator. Proceeds from the luncheon will help finance Quimby's current campaign. Luncheon reservations may be made by calling Democratic Headquarters, 985-5318 or 984-2367.

Fire Science degrees

Captains James Griffin and Don Morton are among the first firemen to get Fire Science degrees at Chaffey College. Griffin, a native of Ohio, served on that city's police force until moving to Upland in 1962. He was a police officer on the Upland force for three years and then joined the fire department. He enrolled in Chaffey in 1962 and on his own time has managed to sandwich his classes in Fire Science into his busy schedule. He has a B average and has been on the Dean's list several times. He and his wife, Jess, have six children. Don Morton, a native of Oklahoma, was in the Upland police reserves for two years and came to the fire department in 1961. He made Captain in 1964. Morton attended both Chaffey and Mt. San Antonio Colleges from 1958 to this year. He will teach a class in Fire Science this fall at Chaffey College. He and his wife, Donna Lou, have two girls.

Love has many faces

There are some people in a community who reach out and give of themselves. Very often they are vital people in their own quiet way and their zone of influence touches many.

Even in the terminal stages of a serious disease, these people maintain a dignity that lingers with those who leave behind. This was so with Hope Asay who recently died from cancer. She was a vital person who believed in preserving what was good and worked towards this end.

During her long illness many people paid her tribute and the AAUW named a scholarship in her honor. One honor she received came after her death but exemplifies her love of the out-of-doors.

The Upland Kiwanis Club having spent many man hours (300) and money (\$300) worked on their own time through rain and shine to renovate the fire ring area in Memorial Park. They finished the fire ring the end of April.

Hope's husband, Dr. Lyal Asay, is a member of the group and so on June 30, the fire ring was dedicated in her memory to the youth of the community.

Many dignitaries in the community attended that meeting, but the highlight was the speech given by Dr. Asay. It was a tribute not only to Hope but to the future. This is what he said.

"Let us speak today of love."

"A fortnight ago I stood on the top of Sawtooth Mountain, having just spread Hope's ashes over the lovely Mineral King Valley. I looked out over the stark peaks, with their shoulders mantled in white, and I thought of a young love of so many years ago when we stood on another mountain in the East. The future was bright and filled with promises. The future was bright and promises fulfilled. Hope is gone now, but the love remains as does the spirit that she infused in each of us."

"I thought then of our community of friends and their outpouring of love during her agonizing illness and subsequent to her death. This outpouring of love has been so vast, so all-embracing as to convert a time of sorrow into a time of hope and beauty."

"Love is a word that can mean everything, or mean nothing. It is exploited by the peddlers of the flesh and by the huckster on the make. Used in this context, it means nothing."

"When it is applied to the relationship with one's God, it means everything; and as I stood on that mountain watching the fleecy cumulus clouds casting shadows over the meadows, bursting into bloom below, I felt closer to God than I could ever hope to be."

"To me love means the giving of one's self without reservation, without hesitation, and with no thought of personal gain. Love cannot be bought, it cannot be commanded, it cannot be coerced. I am saddened by the bumper stickers that say, 'America, Love It or Leave It!' The strength of our country lies not in the forced adoption of this ideology or that ideology but by the people of good will working together to build the best of lands."

"I am saddened too by the students in our great university who, seeking love, find only numbers - numbers for their names, numbers for their goals, numbers for their achievements, who in frustration and anger turn upon the universities that have become computers and seek to destroy them."

"Love has many faces - father and son, husband and wife, grandparent for grandchild, but today I am thinking of the matrix that binds the community together, that makes it a cohesive unit overcoming petty jealousies, personal animosities, prejudices and greed - a community which we love and love to live in."

"Hope gave everything she had to help create such a community and you, the members of the Kiwanis Club, have demonstrated your love in the building of this Fire Circle. I know you have given generously, because it has taken long hours of hard work and money."

Tangled web snare readers

Friendly spider helps readers

Some spiders don't bite, and one that doesn't is the one charting the course of Upland Library's summer reading program. The theme of the book program is based on E. B. White's "Charlotte's Web," a favorite children's book. Children's librarian, Mrs. Phyllis Frost, said many more children are participating this year in the reading program. Of the 810 enrolled, 63 have completed the 10 book requirement, and all of

the 63 enrolled in the Read-To-Me program for pre-schoolers have completed the requirements. Those who complete their books are awarded a certificate at a party held at the end of the program. This year it will be held at the library on Aug. 26. Enjoying the program are Joni White and Lisa Firner, standing; Tim Jarvis, Mary White, Kevin Jarvis and Jayne Jarvis.

You did this because you loved our community and because of your love of children.

"Perhaps some people have lost sight of our purpose in being here. I'd like for these young children, Michael, Shelly and Perri to come up. These children represent why we are here today. It is not because of Hope and not because of me - or Orville, or Tom, or Bob, or the Honorable Mayor pro tem, but because of our love for these and all children. I say, we will dedicate ourselves now and in the future to building a community for them whose foundation in unbreakable - love is that foundation."

Hope Asay fire ring

Gathering at the newly-dedicated Hope Asay Fire Ring in Memorial Park are Karl Leach, boys Upland Kiwanis Boys and Girls work committee; Dr. Lyal Asay with 2 year old Michelle and 6 year old Michael Perri; Mayor Pro-Tem John McCarthy and Orville Garrison, Upland Kiwanis Club president. The club worked 300 man hours to fix the area and then decided to name it as a memorial to Mrs. Asay.

Homeowners organize

An organization of Upland homeowners has been formed to maintain and improve Upland community civic values through unified action. The purpose of the non-profit organization, known as the "Upland Homeowners Association", is to maintain an active organization that can speak for the rights of all members of the Association before any municipal, county or state legislative body, or any other group, individual, organization, association, corporation or otherwise whose actions, policies intentions and designs will possibly affect the rights of the individual and the community.

The need for an organization of this nature arose earlier this year when a group of north-east Upland homeowners banded together to thwart a developer's plan to establish a shopping center at Euclid Avenue and 19th Street. This unofficial group appeared before the Planning Commission as well as before the City Council. The developer's request for a Conditional Use Permit was rejected by the Planning Commission and City Council.

In June the group met and temporary officers were elected in order to establish the association. The temporary president is David Elling, secretary is H. C. Chambers, George Barr is the treasurer and William McVittie is the legal representative for the association. Papers have been filed with the State of California for incorporation of the organization.

Upland residents interested in joining the association are urged to contact the temporary officers. Dues are to be \$2.40 per year. The next Association meeting will be held at the Upland City Library at 7:30 p.m. on July 22. At this meeting future organizational and operational plans will be discussed. Interested residents are encouraged to attend.

Election endorsed

The League of Women Voters of West San Bernardino County has issued a statement in support of a "Yes" vote in the Upland Elementary School District tax election on Tuesday, July 21.

"The League has long advocated financial support adequate to meet the goal of a public school program giving equal opportunity for each young person to acquire the knowledge and skills with which he may develop his full potential. We believe the proposed tax override is necessary if we are to provide quality education for all children in the Upland Elementary District," the League spokesman said.

Behind the scenes

Bonita High School's summer drama class is now in rehearsal for two melodramas to be presented on July 30 and 31. Students are preparing all the sets, making costumes and preparing for the spectacular. From left, making costumes and scenery, are Jeri Martinez, Marilyn Franks, Nancy McCarty, Karin Hillary, and Martha Petrik.

MDAC forum

Dear MDAC,

I'm from Serrano Junior High School. I'm 15 years old and I have two questions even my father can't answer.

1. If you took dope and quit, will it go away and will you be normal again?

2. If you take dope, is it for sure your baby will come out retarded?

Sincerely yours, C.D.

Dear C.D.

In answering your first question, there are many it's tied to this question. Such as: if you have taken drugs for a long time, if you have eaten correctly while you were taking drugs, if the drug is one that is known to produce damage to the body.

First we have found that the longer someone has taken a drug the greater the chance of there being permanent damage to the body. This is easily shown by the studies with tobacco, alcohol, and heroin.

The problem is that there have not been such long term studies of such drugs as LSD, barbiturates, amphetamines, or marijuana.

Physiologists expect that these drugs will produce damage in the amount being abused, over long periods of time, but, at the moment it is not known if these drugs produce serious damage or not.

Second, with alcohol, damage is done to the body because the alcoholic does not eat properly while drinking. This produces serious damage which often is permanent.

Also, amphetamine users produce serious damage because they do not eat while on speed trips.

Diet pills, with amphetamines in them, can help individuals do damage to themselves if they use too many over too long of a period without eating properly.

Third, some drugs produce serious damage very quickly. Solvents such as are found in glue and airplane cement can cause serious damage to the brain, liver, kidneys, lungs, throat, and nose in very short periods of time. Also, because of the nature of how they work, depressant drugs produce damage to different areas of the brain, when used over long periods of time.

Here again, much research still has to be done. At the moment Dr. K.A. Young (President of the Canadian Psychiatric Association) is completing some research which is showing that there is permanent brain damage from long term use of marijuana.

Now for the second question. Many drugs can cause damage to an unborn child. This is why a doctor cautions an expecting mother to not take any drug during a pregnancy which is not prescribed to her by her doctor. This even means such common drugs as aspirin.

Now, with LSD there has been reported instances where a defective child has been born to a mother who was using LSD during her pregnancy. Also, if a mother is an alcoholic while carrying a child, the child will be born an alcoholic and can die while going through withdrawals from the alcohol right after birth.

This also happens to women who are using heroin while pregnant. It is not uncommon for a woman who is using heroin to give birth to an addicted child and because of the weakened condition of the newborn child it can die while going through withdrawal.

As for a child in the future being born defective, UCLA has found that women who have used LSD have an increase in spontaneous abortions (miscarriages) over women who are not LSD users.

But, it has not been shown that there is a greater rate of defective children being born to women who have used LSD in the past.

There is enough evidence that I don't think a young woman who has all of her children yet unborn should take the chance and maybe become one of the research "guinea pigs" to find out if her children will be defective if she uses drugs now.

Chaffey still offering adult welding class

Chaffey College today reported that persons still have the opportunity to enroll in the continuing welding class on weekdays at its shop facility in Cucamonga.

The class session, an off-campus feature of the college's adult education program, is held from 1:30 until 5:30 o'clock, Mondays through Fri-

days, at 8889 Archibald Ave.

The college slated the 48-week, open-ended course in welding in response to the demands of local industry for qualified persons in that vocation.

Instruction is by Oscar E. Spooner who taught welding in the Chaffey College Manpower De-

velopment Training Act program which provided a key to employment to many participants.

There is no registration fee entailed for the current course.

More information may be obtained by calling Mr. Spooner at 987-4812 on weekday afternoons and evenings.

What's Doing In Upland?

by Jenny Kirkpatrick

VACATION TIME

When you are reading this column, I will be in San Diego on vacation. The first part of the week will be spent in Santa Barbara amid the ocean and I hope clean air and sea. Then to San Diego for more of the same. It may seem strange that since I like the ocean so much, I don't live there. Well, I would like to, but having been raised in Colorado, the mountains are really my first love and while Mt. Baldy is not exactly the Rockies, at least it is a mountain. Besides, one must go where the work is. We reporters are like migrant workers, we have to go where the action is or isn't as the case may be. Since most reporters prefer the sea to the mountains, jobs are not easy to come by in the beach areas. However, Upland compensates for the lack of the sea, as the people are so nice and then to, where would I go for a vacation if I lived at the beach? It is a quiet time in Upland and a chance to wish you all a happy vacation.

second vice president; Bill Neerer, lion tamer; John Dehart, president; Squeek Wilson, secretary-treasurer; Rober Skinner, tail-twister; Bill Green, third vice president; Squeek Wilson, bulletin editor; and Jim Oliver and Don Brownell, two year directors.

Fraternal news

Eastern Star 346

A stated meeting of Upland Chapter No. 346, Order of the Eastern Star, was held at the Upland Masonic Temple recently, with Anne and Robert Prest, Worthy Matron and Worthy Patron in the East.

Four Past Matrons and one Past Patron of Upland Chapter were escorted and presented from the East, while five Past Matrons were introduced from officers stations.

Carolyn Barone gave a complete report on the International Temple "Once - in - a - Lifetime" Fund, noting that the Chapter had attained the coveted 100% membership, and will be given proper recognition at the Grand Chapter Session to be held in San Diego, in October.

When the birthday bank was passed, Mrs. Merl Kough celebrated her birthday, Mrs. Max Russell her birthday and wedding anniversary, Mr. and Mrs. Prest their daughter's and son's birthdays, and Coral Hunter her Grandson's birthday.

This being the Matron's and Patron's Birthday Night, they were given a shower of birthday cards, and birthday cake and ice cream were served in the dining room by Mrs. Theodore Crooke and her committee — Mrs. Ronald Rowe, Frances Gilmore, and Eunice Mitchell.

Brewers are Farmers' Best Friends

Diamonds may still rank as a girl's best friend, but talk to the modern agri-businessman in the states of Washington, Oregon and California, and he'll likely tell you that the brewer rates as a pretty good buddy of the farmer.

It's all because an expanding West Coast brewing industry last year produced more than 15 million barrels of beer and in so doing purchased more than \$35 million worth of barley, hops, rice and other agricultural products used in the brewing industry.

In addition to this ready cash market, the brewer-farmer relationship takes on even added meaning when the brewer salvages the spent grain and returns it to the farmer in the form of livestock and poultry feed.

Brewing and agriculture — two of the West's basic industries — thus work together for the benefit of each.

Secretary's Day

Congratulating John Milton Kennedy is Orville Garrison, president Upland Kiwanis Club. Looking on are Randy Bond and his secretary, Chris Oventurf, and Garrison's secretary, Wanda K. Killon. Kennedy was the main speaker at the club's Secretary Day luncheon.

Power poles popularity dims

"Be It Ever So Humble There is No Place," said John Milton Kennedy, when he addressed the Upland Kiwanis Club at its annual Secretary's Day meeting. Kennedy represents Southern California Edison Co. "There is no place in our environment to go with power plants," he told the group. "We are faced with where we can put up plants that are needed. "No place, no one wants us. Once everyone welcomed the parade of power poles

down the street. These poles meant power and a tax base for a city. Now, aesthetics rules out poles and plants. Will this search for pristine pure power plants take us back to an early power, the candle?" he asked. "We have paradox, we can no longer put up poles, build new plants or enlarge the ones we have. But, there comes daily into the markets stores new items of comfort that require more electricity. The people want power but no plants or poles."

Cucamonga youth heads students

Dennis Bentley, a former Cucamonga resident, will serve as president of the Associated Men Students of Pasadena (Nazarene) College for 1970-71. A junior next year, Dennis is the son of Mr. and Mrs. Howard Bentley, and a graduate of Alta Loma High School.

In high school, Dennis was student body president, junior class president, and member of the Key Club on campus.

us. Voted "Outstanding Choir Member," this student leader received the Savings and Loan Outstanding Student Award, made the Principal's List, and was the Commencement speaker at his 1968 graduation. Upon graduating, he received a California State Scholarship to attend Pasadena College.

Active participation in school life has continued on into college.

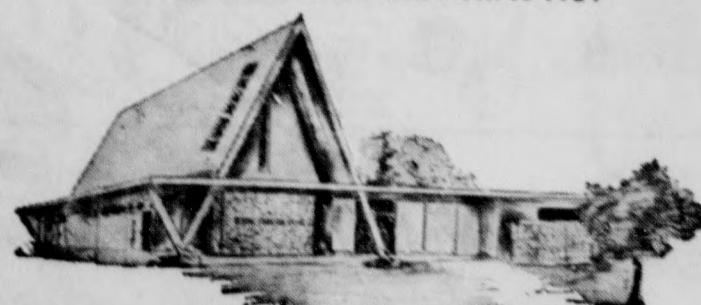

Girl Scout trips

Loading their gear prior to leaving for various Girl Scout activities are Elaine Pasma, Upland (Troop 1080), Beth Platt, Claremont (troop 467) and Susan Sato, Upland (troop 1080). Elaine and Beth are going to "Discovery '70", a primitive campsite in the Pocono Mountains, Penn., from July 11-26. They will be among 180 Senior Girl Scouts who will study land conservation and management. Susan will attend an "Aides to Handicapped Girls" event in Missouri from July 14-August 2. She will be among 20 Senior Girl Scouts who will learn how to work with handicapped people. All girls are from the Spanish Trails Girl Scout Council.

DAV Auxiliary installs officers

Installation of officers was held for Chapter 27 of the Disabled American Veterans Auxiliary recently.

Installing officer was Malcom Huff, past state commander of Arizona and member of Pomona chapter 9.

New officers are as follows: Commander--S. S. Gross; Senior Vice Commander -- Irene Alford (Mrs. Walter); Junior Vice Commander--H. M. Thompson; Treasurer--D. L. Valentine; Chaplain -- Walter Alford; Sergeant-at-Arms--Lynn Krohn; Officer-of-the-Day--John Lee; State Executive Committee--Lynn Krohn; Alternate -- S. S. Gross; Chapter Executive Committee--H. M. Thompson, Michael J. Hanna, George Forseen; Service Officer -- Michael J. Hanna; Adjutant--D. L. Valentine and Trustees--D. L. Valentine, Michael J. Hanna, S. S. Gross.

Michael J. Hanna acted as Officer-of-the-Day, presenting the new Officers. State Chief of Staff South, Winston McGinnis, was among those present.

Mrs. Henrietta Mills, Past National Commander, was Mistress of Ceremonies for the Auxiliary and presented Marjorie Vincent, State Commander, who installed the following Officers: Commander--Mrs. Sam Gross; Senior Vice Commander -- Mrs.

Charlotte Taylor; Junior -- Mrs. Albert Smith; Chaplain--C. C. Sacha; Treasurer--Mrs. V. C. Harter; Local Executive Committee--Mrs. G. E. Whitehouse, and Mrs. D. L. Valentine; Adjutant--Mrs. C. K. Cunningham; Patriotic Instructor -- Mrs. Jack Stryker; Conductress--Michael J. Hanna; Assistant Conductress -- Mrs. D. L. Valentine; Sergeant-at-Arms -- Mrs. H. M. Thompson; Historian--Mrs. Charles Freeman and State Executive Committee--Mrs. G. E. Whitehouse.

Mrs. Winston McGinnis, Chairman of the VAVS Group at Long Beach Hospital presented a citation to Junior Past Commander, Mrs. Cunningham, in recognition of the work done by Unit #27 at that hospital.

Several patriotic groups were represented, also a number of guests. Among those present were Mrs. Marie Simmons, Past State Commander, of Riverside; Mrs. Judy Flauher, State Department Conductress, and Mrs. Winston McGinnis, State Banner Bearer, Mrs. Beulah Roberts and Mrs.

Etta Campbell, of Riverside Unit #28, acted as Conductress and Assistant Conductress, respectively. Refreshments were served to approximately 80 guests.

Sister City greets visitors

Welcoming the Caborca Mariachi band to Upland for the UTC Fiesta, were the members of the Sister City group (front row) Harvey Stone, vice president, Frank Ayala, director and emcee for the Fiesta, and Tom Lucero, Jr., president. (Back row) Zella Stone, sec., Mrs. Harvey Stone, and Mrs. Tom Lucero. The Luceros and Stones hosted the group while they were in town with informal gatherings and a short sight-seeing tour.

Attends seminar

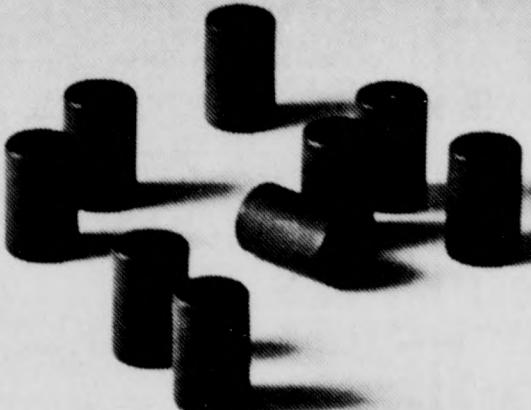

William H. Marshall, a Lieutenant Colonel in the California Air National Guard and resident of 1808 N. Balboa Way, Upland, has completed the two-week Defense Strategy Seminar.

Lieutenant Colonel Marshall is one of some 250 senior officers chosen from the National Guard and from the Army, Air Force, Navy and Marine Corps Reserves to attend the Sem-

inar this year.

In civilian life, Lieutenant Colonel Marshall is Combat Support Commander of the California Air National Guard at International Airport in Ontario, California.

These pellets help protect the environment.

Locked in these fuel pellets, which contain uranium, is an incredible amount of energy.

For instance, one cubic foot of Uranium 235 will generate more electricity than 32 billion cubic feet of natural gas.

At Edison, we've been using uranium fuel pellets like these for more than two years. The energy they release runs the giant turbine at the San Onofre Nuclear Generating Station.

In the years ahead, Edison plans to build additional nuclear power units at San Onofre to meet your need for more electricity.

But are nuclear power plants

harmful to the environment?

First, let's consider radiation.

Although it is true that a nuclear power plant such as San Onofre is a source of some radioactivity, it is far below the limits allowed.

Standards set by the Federal Radiation Council are rigidly enforced by the Atomic Energy Commission. Man has learned to control radiation so well that you could live next door to a nuclear power plant such as San Onofre for 20 years before receiving as much radiation as from a chest x-ray.

What about sea water used to cool condensers at the San Onofre Nuclear Plant? What is the result

when this water is returned to the ocean? Nineteen surveys conducted over the past seven years at San Onofre have revealed no adverse effects on the marine environment.

Protecting the environment—the land, the sea, the air—is of prime importance to Edison. And we sincerely believe that nuclear power plants can help us do it. They are a dependable source of low-cost power—and a clean source of power, too.

Club doings

Republican women

A bridge party held Wednesday July 1 at the home of Mrs. T.E. Walker, 193 Nisbett, Upland, concluded the Chaffey Community Republican Women Federated Round

College Happenings

Honor graduate

Charles Madison Duloney, son of Mr. and Mrs. C.M. Duloney of Upland, has received his B.A. degree in history, Cum Laude from the University of Calif., Riverside.

He is a 1966 graduate of Upland High School where he was Associated Student Body Treasurer and a life member of the California Scholarship Federation.

He was awarded the Kaiser Steel Management Clubs' Scholarship as the outstanding student of 1966, and was also the recipient of UCR's University Scholarship.

Charles was recently awarded a graduate law fellowship to study law next year at the Truman Wesley College Legal Center, Willmette University, Salem, Oregon.

Year abroad

Two students from Upland, Douglas M. Alair and Margaret H. Suydam, have been selected in statewide competition for a year's study abroad in 1970-71 as participants in the International Programs of the California State Colleges, announced Dr. Thomas P. Lantos, programs director.

Douglas, 21, son of Mr. and Mrs. Gene Alair of 1345 N. Euclid Ave., and an Architectural Design major at California State Polytechnic College, San Luis Obispo, will spend his Senior year at the University of Copenhagen in Denmark. A Dean's List student, Douglas also is a member of the student chapter of the American Institute of Architects and of the Circle K Service Club. He previously attended Chaffey College.

Margaret, 21, daughter of Mr. and Mrs. Wendell W. Suydam of 1412 Springfield Rd., and an Art History major at San Francisco State College, will spend her Junior year in Florence, Italy. Margaret previously attended San Diego State College, and has lived in England for two years. She was graduated from the Bishop's School in La Jolla in 1967.

Fellowship granted

Claude Price, 811 1/2 E. 7th St., Upland, was among the 1970-71 California State College, Los Angeles, graduates who was selected for graduate fellowships by the California State scholarship and Loan Commission.

UCR graduate

Bruce Rusher of Cucamonga was among the 700 students who graduated from the University of California, Riverside.

CMC students

Three young men from Upland have been accepted at Claremont Men's College for the fall semester.

Admitted are Michael V. Higelin, son of Mr. and Mrs. Vaughn J. Higelin, 923 North Third Place; Richard T. Hutton, Jr., son of Mr. and Mrs. Richard T. Hutton of 1447 North Euclid Avenue and Richard Charles Rogers, son of Mr. and Mrs. Harvey W. Rogers of 1552 Columbine Way.

When classes start in the fall the college will have 800 students, including 240 freshmen and 35 transfers.

Youth activities

YMCA

Rick Brule and Jon Scholl were awarded trophies for high points in the Ontario-Upland Y.M.C.A. Gra-Y and Midget attendance contest at a Parents Day and Award Program, held at the local "Y" Saturday, June 20th.

Other awards were given to Midget and Gra-Y members for archery, riflery, chess and trampoline.

Rod Wheeler is in charge of the program.

Robin Bridge Tournament for 1969-70.

Winners for the year's play were: Round Robin #1, Mrs. Howard E. Urue Jr. and Mrs. Hamilton Tallman, both of Ontario; Round Robin #2, Mrs. Thomas S. Brennan and Mrs. Earl D. Ranney, of Upland.

Forty members and guests gathered at noon for the pot luck luncheon and bridge session. A sign-up for 1970-71 was taken by chairman Mrs. Robert Morrison and Mrs. John Plasman.

Winners for the day were First: Mrs. Fred Hannah of Ontario and Mrs. John Laude from the University of Calif., Riverside.

He is a 1966 graduate of Upland High School where he was Associated Student Body Treasurer and a life member of the California Scholarship Federation.

He was awarded the Kaiser Steel Management Clubs' Scholarship as the outstanding student of 1966, and was also the recipient of UCR's University Scholarship.

first vice president; Charles Bridenstine, second vice president; Jewell Johnson, secretary; Vi Gebauer, treasurer; Virginia Ruetu, hospitality chairman; Marjorie Lowe, refreshment chairman; Norma York, membership; and Alan Dodd, publicity. The club is a singles club that meets the second and fourth Saturdays.

For further information, call 595-4686 or 622-9630.

Flaires

Mrs. Rose Kelber of the Pomona Valley Transcribers Guild, was the featured speaker at the Upland Flaires meet-

ing held at the home of Mrs. Fred Nelson.

The club presented a check in the amount of \$100 to Mrs. Kelber to further this work. The guild transcribes books into braille using a thermofax machine.

Refreshments were served to the group attending. Mrs. Richard Cole, Mrs. Wm. Conway, Mrs. Charles Gerard, Mrs. Paul Harmon, Mrs. Leon Lamphear and Mrs. John Lombardo.

Ripon Society

An investigation of defecting Republicans will be made by the Ripon Society, an organization for progressive Republicans, at its organizational

meeting on Wednesday, July 22, at 8 p.m. at the Community Room of the Equitable Savings and Loan Association, 300 Pomona Mall West, Pomona.

Tom Brown, a representative of the Los Angeles Ripon Society Chapter, will address the East San Gabriel Valley - Pomona - West End San Bernardino group on steps to be taken to receive official sanction from the National Ripon Society.

H. George Taylor, authorized by the Ripon Society to organize a local chapter for liberal minded Republicans, announced that the first project of the organization will be to determine why registered Republicans are endors-

ing Democrat Mylie Evers, in the race against Republican John Rousset, for the 24th District Congressional seat.

Those Republicans who endorsed Evers will be invited to the Ripon Society meeting on July 22.

Taylor invited all persons interested in the Ripon Society to attend the meeting. Taylor may be contacted at 623-6551.

Nazarene Church

Bob Bradford, impersonator, ventriloquist and evangelist, of Los Angeles, will present his unique program of impersonations and ventriloquism at Upland Church of the Nazarene on Sunday morning, July 19, at 9:45.

NOTICE OF RECORDATION IN MATTER OF ASSESSMENT DISTRICT NO. 16 OF THE CITY OF MONTCLAIR, CALIFORNIA

NOTICE IS HEREBY GIVEN that an assessment of the cost and expense of the construction of street improvements and appurtenances within Assessment District No. 16 (Brooks Street and other rights of way) in a proceeding under the Municipal Improvement Act of 1913, pursuant to Division 12 of the Streets and Highways Code, by the City of Montclair was confirmed by the City Council of said City by Resolution No. 799 adopted July 6, 1970, and was recorded in the office of the Superintendent of Streets of said City on July 6, 1970, which latter date is deemed the date of recording such assessment.

NOTICE IS FURTHER GIVEN that all sums assessed in said assessment became due and payable upon such recordation of said assessment, and that payment of the said sums, in whole or in part, is to be made to the City Treasurer at the office of said Treasurer in the City Hall, 5111 Bentito Street, Montclair, California, within 30 days after July 6, 1970. A bond will automatically issue in accordance with Division 7 of said Code if this assessment or unpaid portion thereof amounts to \$50.00 or more and is not paid in full on or before the date specified. Principal on the bond is payable in ten equal annual installments, and interest on the unpaid principal is payable twice a year. (Interest rate shall be 7% per annum). Bills for principal and interest installments are mailed by the City Treasurer when due.

Dated: July 6, 1970.

① Brokerage fee not deducted. Tax consideration not reflected. ② Earnings information not available.

③ Values as of 12/18/69. ④ Family of 4 can insure \$200,000.00 using joint, individual and trust accounts.

Savings insured to \$20,000.00 by an Act of Congress.

Upland Savings pays the maximum interest on insured savings. No other insured financial institution in America can offer you higher interest or more insurance, because all insured financial institutions' interest and insurance are regulated by governmental regulations. Upland Savings is a part of America's insured savings system whose total assets exceed \$150,000,000,000.00 (150 billion dollars) and

where, throughout America, over 44,000,000 (44 million) savers save. As a savings counselor, we suggest you look at more than the *rate of yield* of investments. If you had needed to "cash-in" your investment before maturity this past year, you would sustain substantial losses. In 1969 only Upland Savings would have returned your investment plus high earnings.

You too, can benefit by saving with us.

VOTE YES JULY 21

A YES VOTE JULY 21 WILL:

Allow all children to continue to receive a quality education.

Keep class sizes small enough so children can receive meaningful instruction.

Avoid drastic cuts in personnel which could adversely affect the learning opportunities of all children in the Upland School District.

Avoid reductions in classroom equipment and supplies which would impair the ability of a child to learn.

Prevent cutbacks in custodial, maintenance and community services.

Protect property values which could fall if schools deteriorate.

FROM GOOD SCHOOLS

UPLAND ELEMENTARY SCHOOL

DISTRICT TAX RATE ELECTION

A NO VOTE JULY 21 COULD:

Cause severe cutbacks in music, shop, homemaking, art, and after-school athletics.

Cut the length of the Junior High School Day.

Cause reduction or elimination of special help for poor readers and force cutbacks in other remedial instructional programs.

Curtail cafeteria services.

Reduce psychological and health services.

Eliminate all educational field trips.

Lower the quality of education.

Change bus services.

UPLAND SCHOOLS—KINDERGARTEN THROUGH GRADE 8

MEASURE SUBMITTED TO VOTE OF VOTERS

Shall the proposed increase in the maximum tax rates from \$1.85 to \$2.60, such rate to be in effect in the Upland School District for the school years July 1, 1970 to June 30, 1973, the revenues of which are to be used for the purpose of general school maintenance and operation and capital outlay, be authorized?

Dayne is in his senior year at Cal Poly. He transferred there from Imperial Valley College.

Operation cache

180 EASY DAYS OF PLANNING. This Navy program is designed to cut out a lot of the hustle and bustle that usually comes during the few weeks before reporting for duty in the military.

Somehow, there has never been enough time to take care of all those little things that suddenly become very important.

So the Navy developed Operation Cache a program that will give you up to 180 days from the time you enlist to the day you report for active duty.

You may decide after having signed up not to take the full 180 days, and that's O. K. too.

You will have up to

Area sports

Montclair Eastern champs

Members of the first-half champion Hohnstein's are from left to right: front row, Terry Mann, Darrin Pierce, Dennis Marquez, Scotty Richardson, Glenn Lairmore and Tim Wolters; Second row, Larry Smith, Craig Heaps, Darly Gillis, Gilbert Bell and Scot Baun. Back row, Coach Dick Urquidi, Coach Corkey Belanger, team mother Inez Pierce, and manager John Pierce. Hohnstein's finished the first round with a perfect 11-0 record.

Eastern L. L. tournament team

Eastern Little League has selected a fireball and big stick group of hitters and pitchers to carry their hopes of high placement in the 1970 tournament action with other area little leagues.

The fourteen boy roster was chosen in a secret ballot session by team managers for the eight teams that make up the Montclair Eastern Little League.

Tournament team members from Mountain Avenue Car Wash are Fred Ives, pitcher-catcher with a .452 batting average and four home runs to his credit tying the league pace; Dave Milburn, a strong defensive second baseman carrying a .344 batting average; Daryl Klein, a pitcher with an offensive punch totaling a .342 batting record of 6 wins, 2 losses and one no-hitter plus a batting average of .400; and Mike Carbo, another strong pitcher with a 6 win and no loss record.

Under Ground Electric representatives are Keith Carroll, catcher

extraordinaire, who holds the tie four home run record with Ives, and a batting average of .347; Rich La Barge, pitcher-first baseman with a .363 batting average and a pitching record of 4 wins, 6 losses; and Craig Gurney, the fine shortstop-third baseman with one home run under his belt.

Hohnstein's placed David Urquidi, their super pitcher who has 2 no-hitters and an overall record of 8 wins and only one loss; Randy Lairmore, the big first baseman with an average of .371; and Donald Pierce who sports a pitching record of 3 wins and one loss and who bats at a clip of .291.

Going into tournament action from ABC Union Store are Joe Giarraputo, the pitcher-shortstop with a .342 batting average and two home runs to his credit and Mike Severin, pitcher-shortstop, who hits at .333.

Rotary's selection is their bit catcher Rick Anderson with one home run and an average of .324.

Citrus results

The Cucamonga Lions Club team wrapped up first place for the 1970 season, by beating the Merchants 7 to 6 on Saturday, July 4.

The following boys are members of the first place team: Jeff Anderson, Mark Anderson, Anthony Aragon (A.S.), Greg Axtell (A.S.), Gary Barr, Loren Delamorna, Joe Feld, Steve Feld, Gary Gonc, Joe Martinez, Scott Sherrill, Eddie Shomaker (A.S.), Mike Walters (A.S.) and Scott Wilson.

Chaffey College summer running

The following are the results for the Monday, July 6 three-mile uphill run staged by the Chaffey College Summer Running program:

High School: 1, Angus Gordon, Upland High School 18:29; 2, Charles Pemberton, UHS, 18:32; 3, Ron Sickaford, UHS, 19:24; 4, Dave Dewees, Alta Loma HS, 20:40; 5, Dave Elwood, Chaffey HS, 20:50; 6, Robyn Bemis UHS, 23:09; 7, Guy Gengen, UHS, 24:04; 8, Frank Knowles, ALHS, 24:56.

Junior High - Elementary: 1, Ron Deis, Pioneer Junior High, 21:00; 2, Mike Deis, Sycamore Elementary, 27:04.

Open Division: 1, Martin Balding (Alta Loma), 20:30; 2, Tom Shaughnessy (Chaffey), 21:58; 3, Dick Senior (Montclair), 24:41; 4, Robert Loney (Upland), 25:13; 5, Cal French (Upland), 26:08.

Swim meet

Awards are to be presented tonight, Thursday, at the conclusion of run-off competition in the 13th annual Upland Kiwanis Swim Meet that began Tuesday at the Upland High School pool.

Tonight's competition begins at 6 o'clock, and the public is invited to attend.

Randy Bond of the Kiwanis Club of Upland reported close to 1,000 applications were sent out in advance of the meet.

A total of 32 events were listed in the competition for boys and girls ages 6 and under to 14 year olds.

Community swimming enrollment

ALTA LOMA -- Chaffey College's final swimming session for the community will be from July 20 through July 31, with registration on July 17. Enrollment hours will be from 9 a.m. until 4 p.m. The registration fee is \$3.

The Olympic-size pool is also open to the general public daily as a community service.

Adult admission is 50 cents; student admission, 25 cents. Caps rent for 15 cents each.

District policy requires that children under 12 years of age be accompanied by adults after 3:30 p.m.

Paul V. Smith is coordinator of the Chaffey summer swimming program.

Pony League tournament

This year's 13 year old Pony League Tournament gets underway at John F. Kennedy Memorial Park in Montclair this Saturday, July 18 at 6 p.m.

Action starts with the Ontario Pintos challenging Chino on Saturday.

At 8:30 p.m. that night Montclair and Cucamonga Pony League teams will tangle.

The tournament will last from the Saturday night schedule through Sunday and Monday.

All-comer track

Results of the Chaffey All-Comer Track Meet held at Chaffey College on July 8 are as follows:

100, Bob Flager, On-

Summer crafts

Cucamonga youngsters Charles Zable, Charles Cherry, Kenneth Krause, Scott Buchanan and Tom Ramirez, make owl pictures as part of the YMCA sponsored Summer Adventure Program in Cucamonga. Some 75 youngsters are enjoying a fun-filled summer of swimming, crafts, and athletics at the YMCA on Tuesdays and Thursdays and at the Cucamonga School Mondays, with swimming at Chaffey College on Wednesdays. The Assistance League and Cucamonga school district are co-sponsors of the project.

LEGALS

ORDINANCE NO. 360
AN EMERGENCY ORDINANCE OF THE CITY COUNCIL OF THE CITY OF LA VERNE, COUNTY OF LOS ANGELES, STATE OF CALIFORNIA, AMENDING SECTION 4614 OF DIVISION IV, CHAPTER 6, TITLE 1 OF THE LA VERNE ORDINANCE CODE RELATING TO THE PLAYING OF GAMES

WHEREAS, the playing or betting at, on or against games not mentioned in the Penal Code of the State of California, which games are operated, played, conducted, dealt, or carried on with cards, dice, billiard balls, pool balls, cues, mechanical contrivances, appliances or other device for money, checks, chips, credit, tokens or any other representative of value, or for any merchandise or any other thing of value is inimical to the public peace, health, safety and general welfare of the citizens of the City of La Verne, and

WHEREAS, the playing or betting at such games creates a condition leading to disturbances of the peace and quiet of the community and its citizens, and

WHEREAS, regulation of such activity by the Police Department of the City of La Verne is difficult if not impossible, and

WHEREAS, certain business men in the City of La Verne have indicated a desire to open establishments which would cater to those persons from within and without the community desirous of playing at or betting at such games, and

WHEREAS, such business men have in their public and private utterances indicated a desire to proceed immediately with the construction, redecoration and furnishing of facilities for the playing of and betting at such games, and

WHEREAS, such business men are likely to invest substantial sums of money prior to the time an ordinance passed in the ordinary course of business would become effective, and

WHEREAS, the establishment of such facilities would create innumerable traffic, fire and police problems which would strain the already overburdened La Verne Police, Fire and Traffic Departments, and

WHEREAS, the business men planning to establish such facilities might do so under a misapprehension as to the true intent of certain provisions of Title 1 of Chapter 6 of Division IV of the La Verne Ordinance Code,

NOW, THEREFORE, the City Council of the City of La Verne, after considering the foregoing matters and the evidence and testimony presented to it regarding the urgency of this matter does find that the amendment of Section 4614 of Division IV, Chapter 6, Title 1 of the La Verne Ordinance Code is necessary for the immediate preservation of the public peace, health, safety and general welfare of all of the citizens of the City of La Verne.

Consequently, the City Council of the City of La Verne as an urgency measure does ordain as follows:

Section 1. Section 4614 of Division IV, Chapter 6, Title 1 is amended to read as follows:

4614. Unlawful to Play at Games. It shall be unlawful for any person to play or bet at, on or against any game not mentioned in the Penal Code of the State of California, which is operated, played, conducted, dealt, or carried on with cards, dice, billiard balls, pool balls, cues, mechanical contrivances, appliances, or other device for money, checks, chips, credit, tokens, or any other representative of value, or for any merchandise or any other thing of value.

Section 2. The Mayor shall sign and the City Clerk shall certify to the passage and adoption of this ordinance and shall cause the same to be published and posted pursuant to the provisions of law in that regard.

APPROVED AND ADOPTED this 6th day of July, 1970

Tax tales

A New York architect attempted to deduct the cost of landscaping his sumptuous home. He argued that he was maintaining a show place house in order to display his design abilities.

The tax court conceded that there might be a connection between his business and the deduction but not enough to "transform the essentially personal character" of the landscaping.

Pat Walker Offers You A New Figure For Summer

A SPECIAL GIFT OFFER
FOR THIS WEEK ONLY!

My Personal Summer Gift to All Women

As a special inducement for you who need to reduce, here's that added incentive. Use the above check to start your reducing program so that you can have that appealing new look you've always hoped for. There is still time to reduce for the summer and vacation. Come in, phone TODAY for your personal appointment for FREE trial treatment and figure analysis without obligation.

Pat Walker

If you feel that your figure problems are next to hopeless, if you think that reducing will work for everyone but not for you, if you think you are too old, or too young, or to flabby, or that your bone structure is too large, or too small, or that you have waited too long, or that you have an impossible reducing problem or if you have found some unique, special excuse for your overweight problems, then this check, which may be used as a special incentive offer valued at \$20.00, may be used by you to start reducing now so that you can enjoy the summer and vacation with a new figure that you will be proud of, because you too can reduce quickly and easily in complete privacy, without strenuous exercise, without dieting, without starvation diets as over 5,000,000 women have done with our program.

If you should make the decision to start reducing now you may use this check valued at \$20.00 this week only and apply it to the cost of your figure correction.

Sincerely yours,

Pat Walker

Miss Pat Walker
the
Reducing
Authority
International

These Women Are Enjoying Summer With New Figures

"Thanks To Pat Walker, I Am Spending More Time at the Beach This Summer" says Joan Speight of Anaheim.

Before she began her reducing program, Joan Speight of Anaheim weighed 139 pounds and wore a size 14 dress. She had tried several times to reduce, without results. "When I read the Pat Walker ads," Joan says, "I felt I should try it . . . and it really worked! I can't say enough about the marvelous Pat Walker figure reducing program. In a very short time, I lost all over my body and especially where I needed it most . . . in the hips and thighs. I am looking forward to my summer hobby—swimming—with great enthusiasm, now that I have my new Pat Walker figure."

In this photo, with Miss Pat Walker, Joan Speight lost weight and inches all over her body, especially where she needed it most. Joan lost 4 inches from her hips and 7 inches from her thighs, which were her special problem area. Joan says "I really enjoyed my treatments—and especially the results! I feel just great and everyone tells me I look so much better—I know I do. I highly recommend the Pat Walker program to every woman who thought she just couldn't lose those extra pounds & inches."

"Before I began my Pat Walker program, I weighed 141 pounds—now I weigh 119. I wore a size 14 dress. My new swimsuit is a size 7. I was simply unable to lose weight and inches on my own," continues Nancy Murphy of Santa Monica. "I am actually wearing a smaller size now than I did when I was 14 years old. And I feel so much better too. My husband and my family are almost as proud of my new figure as I am. This is one summer I am going to really enjoy, now that I can swim anything I want."

In this photo, Pat Walker poses with Nancy Murphy after she has lost a total of 41 inches and 22 pounds. Mrs. Murphy lost 5 inches from her under-bust, 4 inches from her waist, 9 inches from her thighs and 4 1/2 inches from her abdomen, for a total overall loss of 41 inches. "I feel better and look better than I have in years," she states. "I can't over emphasize the wonderful feeling of being a size 7—and will really enjoy swimming this summer now that I have my new Pat Walker figure."

YOU TOO CAN HAVE A NEW FIGURE FOR SUMMER AND VACATION FREE Trial Treatment and Photometric Figure Analysis

You are invited to come in or call for a courtesy treatment and Photometric Figure Analysis without obligation and from the analysis we will tell you where you are going to lose, how long it will take and based on \$2 per treatment we will tell you exactly how many treatments you need and the exact cost of your figure correction. We will give you \$20.00, this week only, to be applied on your personalized Pat Walker figure correction program. With Pat Walker's new computerized program you can reduce quickly, easily and effortlessly without rigid diet or strenuous exercise, without dieting, without starvation diets as over 5,000,000 women have done with our program.

Urban planners

Above from left are William R. Dale, Dr. Hugh O. LaBounty, Jr., and Sherman W. Griselle, discussing Cal Poly's new master of urban planning in the environmental design division courtyard.

Tax Tales

For many years the Tax Court has been less than willing to allow a deduction for activities such as golf or dancing lessons as medical expenses, even though prescribed by a doctor.

But recently the tribunal accepted ordinary driving costs as a deduction in a case involving a

woman who had been maimed in an accident.

The taxpayer's physician had told her to drive in order to reduce fears born of the accident. The Court was willing to allow all the driving she did directly to alleviate her mental condition; they drew the line, however, when she attempted to deduct the cost of her automobile.

The Jaycee Wives were there

The San Dimas Jaycee Wives' float won a trophy in the Jaycee July 4 annual parade which was enjoyed by hundreds of spectators. The annual event drew entries from many surrounding communities.

SB exhibit takes first place honors

San Bernardino County's feature exhibit captured First Place honors in the Special Area Exhibits category for counties, communities, and organizations at the Southern California Exposition in Del Mar, according to an announcement by Chairman Ruben Ayala of the County Board of Supervisors.

Ayala said the attractive display was constructed by Reliable Decorating Company under a contract with the County's Economic Develop-

ment Department. The first place award at Del Mar was \$300 and a handsome trophy. The exhibit also took Second Place in its category at the National Orange Show last spring!

The exhibit features a giant revolving camera in the center of the display and various items of recreation and sporting equipment elsewhere in the exhibit to highlight the many and varied types of tourist and recreation attractions and activities to be found in the county.

In his announcement, Ayala also complimented the San Bernardino County Fair Board and Director Orin Robertson for the Third Place Award its exhibit received in the same category at the Del Mar Event.

Cal Poly now offering urban planning degree

To meet the present nationwide and areawide demand for urban planners, California State Polytechnic College, Kellogg - Voorhis, Pomona, has had approved a master of urban planning degree (MUP).

The announcement of Cal Poly's approval to offer the MUP, beginning with the current school year, was made today by College President Robert C. Kramer and Vice President for Academic Affairs Hugh O. LaBounty, Jr.

According to Dr. Kramer, the proposed master's degree will build upon the present Cal Poly undergraduate urban planning curriculum and will give strength to the overall urban planning program in terms of faculty breadth of knowledge and intercommunication, stated Dr. LaBounty, has evolved from a design based curriculum strengthened by humanistic studies and social sciences. The program is not in-

terdisciplinary, he said, but it uses the resources, skills, knowledge, and contributions of economists, sociologists, psychologists, historians, and many others from the humanistic studies who provide the essential man-oriented elements of urban planning curricula.

No other California State College offers a similar graduate program in urban planning and the only comparable programs which are offered in the state are operated under interdisciplinary philosophies which do not contain the same emphasis on urban planning theory, design practice and subject matter offered by Cal Poly.

William R. Dale, chairman of the Cal Poly Environmental Design Division, said that the objectives of the MUP are to provide high level, professional education through specialized planning instruction which is combined with supporting studies, lectures, seminars, and studio projects. The instruction and supporting studies will be interplayed with "real world" field work, said Dale.

The MUP will prepare students for employment in city, county, state, regional, and national planning agencies, Dale continued. It will prepare students to work with foundations, industries and private consultative organizations. And it will prepare students to teach and go on for advanced studies.

The American Institute of Planners has stated that the master's degree in planning is the best single preparation for entering the planning profession. The institute further said that the graduate degree in planning is clearly the most useful and rewarding way to be-

come a planner in addition to the fact that many public and private planning positions require a master's degree as a requirement for employment.

According to Sherman W. Griselle, professor of

environmental design and author of the MUP proposal, the total education program of Cal Poly will be enhanced by having urban planning students involved in elective courses and in activities of the college. The MUP pro-

gram, he said, will also enhance community relations by providing part-time workers with considerable knowledge for employment in local planning agencies.

Area businessmen learn games

Fifteen managers representing twelve southland companies attended a two-day workshop sponsored by the San Bernardino County Metro of the National Alliance of Businessmen (NAB). These managers held mock negotiations, pretended they were other people and took "trust walks."

They watched movies and, in the following role play, assumed the character with whom they most identified. They rated their fellow participants on a scale ranging from "confident" and "helpful" to "argumentative" and "biased."

This isn't the way these managers work off tensions at the close of a day. These businessmen were playing serious games as a part of the NAB Middle-Management Training Conference held at the University of California, Riverside.

The workshop is designed to create an awareness and understanding of human relations and of problems to be faced by management of businesses employing disadvantaged. In many instances it also encourages preventive action.

Two receive BA degrees

Two area students were among the 273 Pomona College seniors who received bachelor of arts degrees at the 77th annual graduation exercises this month.

Mrs. Frederick A. Teichert (the former Marilyn Chandler), daughter of Mr. and Mrs. Thomas L. Chandler of 2742 E Street, LaVerne, received her degree in French.

Alan Rosenau, son of Mr. and Mrs. C. H. Rosenau of 1120 Dixie Drive, San Dimas, received his degree in philosophy and plans to work for his doctorate in religion at the School of Theology in Claremont.

Handwritten wills invite disaster

A handwritten will is an invitation to disaster, in the opinion of a man who is charged with the administration of numerous multi-million dollar estates and trust funds.

"It's well worth the small amount of money involved to have your will prepared by a competent attorney," said Miles Flint, vice president and senior trust officer at Crocker - Citizens National Bank's Los Angeles Main Office.

"A simple error or ambiguity can result in litigation which can go on for years and cost thousands of dollars."

The will directed that the other half of the funds be held for another 100 years "and then spent for anything that will benefit the good people of Los Angeles."

While the California Supreme Court upheld the will as valid earlier this year, Flint observed that there still are a number of unanswered questions

and additional litigation will be required to clear them up.

"For instance, he cited the case of a Los Angeles man who died in 1966. The man's holographic will specified that certain of his monies 'be always held at good safe interest for 100 years...when half of it is to be spent for scholarships...at the University of Minnesota...'"

The will directed that the other half of the funds be held for another 100 years "and then spent for anything that will benefit the good people of Los Angeles."

Flint could not guess how long it will take or how much it will cost to resolve the questions raised by the will.

"Had the man had proper legal counsel in the preparation of his will, all of these problems could have been avoided."

Household tax due

Housewives who pay someone \$50 or more for household services during any three-month calendar quarter must report these payments and pay the Social Security

No taxes are due on amounts paid to persons who are independent contractors and not household employees. This exempts payments to painters, plumbers, repairmen, carpenters and others who provide household services as independent contractors.

172nd birthday celebration

Old Mission of California

Caballero

El Presidente of Los Caballeros del Camino Real, Peter Nikulas, presents a stalwart figure of a Spanish Don astride his favorite palomino. He leads some 100 riders, many dressed as 18th century cavalrymen who will arrive at Mission San Luis Rey, near Oceanside, Sunday, July 19th, at 2:00 p.m. after a three day trek. There, they will join in the gala Fiesta celebrating the mission's 172nd birthday.

SAN LUIS REY, CALIF. — Saturday and Sunday, July 18 and 19, historic Mission San Luis Rey, near Oceanside, celebrates its 172nd birthday with a two-day fiesta, gay in color, costumes, dance and song, and spiced with traditions of early California Spanish - colonial days.

The fiesta begins at 12 noon, Saturday, July 18, with the Old World custom of "Blessing of the Animals". Children bring their gaily-decora-

ted pets to the front door of the mission for the blessing. Pets will be judged for special prizes.

Free entertainment, including Spanish dancers and singers, Mexican strolling mariachi players, American Folk singers, and others, is continuous throughout the fiesta.

The flashing color of authentic Spanish-Mexican costumes of the Fiesta Queen and her princesses, and fiesta workers, will recapture the festive

by Selma Rifkin, Director, Weight Watchers of L.A. & Kern Counties

Dear Selma:
I am most conscientious about watching my weight but by 10 p.m., I'm starving. Usually I reach for doughnuts or cake. Do you have any remedies?

Mrs. O.S.

Dear Mrs. O.S.:
If there are doughnuts and cakes in your home, treat them as though they were fruit. Don't you wash your fruit before you eat it?... Please wash your doughnuts and cake!! Seriously, you can fill up 24 hours a day with salads, and unlimited vegetables, and fruits in between the necessary 3 meals a day. They are great fillers!

Dear Selma:
Is it necessary to exercise while losing weight?

Mr. J.R.

Fat people are not energetically inclined. The important aspect of reducing is re-educating your eating habit. If you have always exercised, by all means, continue to do so. If you have never done so, my advice is, don't start now.

Dear Selma:
How can I eat in a restaurant, or while traveling?

Mrs. B.G.

From my experience, foods we eat while losing and maintaining our weight are easily available. Eating out need not be a frightening experience. Foods can be broiled. There are also a variety of vegetables, salads and fresh fruit. Order your food as your diet demands. If they bring your steak or fish floating in butter, remember you're allergic - YOU BREAK OUT IN FAT! Send it back!

Questions to be answered in this column should be sent to Selma Rifkin, Weight Watchers, 3322 W. Beverly Blvd., Montebello. Persons desiring a personal reply should include a stamped, self-addressed envelope.

We operate our own plant and strive to give you the very finest in quality cleaning and garment care. All work done on premises with the most modern methods.

C&C
Cleaners
1633 W. HOLT
POMONA

(Next to Market Basket)

mood. Visitors also come garbed in traditional dress of early mission days. Special awards will be made for the most authentic Spanish and Mexican costumes.

Sunday, at 10:30 a.m., a mission padre will celebrate the Fiesta Mass and address himself to the fiesta spirit and to the occasion of raising Mission San Luis Rey to the rank of a national historical landmark.

Food and refreshments will be inexpensive and plentiful. These include a barbecue steak dinner on Saturday, plus Mexican dinners, hot dogs, hamburgers, taquitos and burritos. On Sunday only, beginning at 11:00 a.m., nearly a ton of special deep pit barbecued beef will be served at a dinner which has become one of the top features of the fiesta.

Midway games and rides are provided for young and old. The San Diego Padres Baseball Team has supplied autographed baseballs, "Little League" hats, helmets and bats, as well as other prizes for the "Baseball Throw" booth. Hand-sewn goods and Mexican artifacts will also be available.

Other booths will offer outstanding paintings by top area artists, a selection of books and paper-

backs, and "White Elephant" merchandise. Another special treat will be the sale of authentic "Franciscan Brothers Bread" baked in the mission's oven.

Ample free parking is available on the mission grounds. The Santa Fe Railroad provides train service from Los Angeles and San Diego, and bus service to the mission.

is available from downtown Oceanside.

At 2:00 p.m., Sunday, Los Caballeros Del Camino Real, some 100 festive Camino trek riders, many dressed as Spanish cavalrymen of the 18th century, are scheduled to arrive and conclude their horseback trek from Asistencia Mission at Pala. They will have been on the trail since Friday.

The picture they present as they ride over the nearby hills is truly unforgettable.

As they approach the mission, they are met by the U.S. Marine Mounted Color Guard of Camp Pendleton, thus reenacting a custom of early mission days when trek riders approaching the mission were met and escorted by mission sol-

diers.

El Presidente of the Caballeros, Pete Nikulas of Rancho Santa Fe, presents his group's flag to the mission padre who affixes a pennant, indicating the tenth annual El Camino Real trek has been completed successfully.

Thousands of Southern Californians look forward to enjoying fiesta-time

at Mission San Luis Rey, year after year. It is one of Southern California's most popular events, and it's fun-time for the whole family.

During both fiesta days, tours of the historic Old Mission museum and church are conducted by knowledgeable Franciscan friar guides.

Houses

Dum-Bells!

That's what they're calling the folks at Household Equity. And why? They've been going around buying houses and getting lots more cash for their expenses than anyone else. And if they have a D.O. or P.M. on their bill, just add all the expenses. You don't have to be a real estate lawyer to figure out what's coming. It's right down in black and white. You can get your money back the first day if you like, and you're behind in your payments.

We called Bob Perkins Co. (They been spending all that Household Equity has been getting) and we asked Bob: "What does it cost to be a household guy?"

"They sure are," said Bob. "We'll give you a house and they're willing to pay you to get it. It's some sort of Tax paid by the seller. It's called First Household Equity Broker. And we want to help them get money in fact. I mentioned Bob. If you want to buy a house, we will still buy it and we pay you back. We have a house in 954 Rose, Montclair, California, both listed with Kathy Lee Hays, 1000 N. Alvarado, Alvarado, California. Call Household Equity at 982-3000. They'll check out where they are from Los Angeles to Los Angeles, from San Jose to Fontana. We'll check out."

"Between you and I," admitted Bob, "I think they're a little crazy. I mean, it's not like a car or cash. Why not give a call and talk to one of our dumbbells."

Paula Balog, 19-year-old Mt. San Antonio College Coed competing for title as Queen of the Los Angeles County Fair, takes to the railroad tracks in her quest for the title. She'll have to wait, however, for Sept. 18, opening night of the fair's 17-day run, to find out if she has won over seven other southland coeds.

Houses

Institution leader urges education bill

A unique legislative measure which would combine state and private resources to assist hundreds of children with severe educational handicaps, received the unqualified support yesterday, of top spokesman in the field of children's care.

Dean S. Conklin, Jr., Executive Director of the Episcopal Home for Children in Pasadena, and President of the California Association of Children's Residential Centers, called for the passage of State Assembly Bill 2404, currently being considered by the Assembly Ways & Means Committee, which would provide remedial education for approximately 800 educationally deprived children residing in child care institutions throughout the state.

According to Conklin, the bill would provide state funds for the establishment of special classes for these children, conducted by local school districts with heavy assistance from the individual child care institutions. The school district would provide trained teachers, and the institutions would supply members of their professional staff to assist. In most cases, classroom space would also be supplied by the child care center, Conklin said.

Conklin noted that most of the children effected by this program currently have little such special training. "Under existing state programs for the educationally handicapped, a school district can enroll only two per cent of its student population. Since most districts have many times this number the institutionalized child is almost always left out. AB 2404 would remove the institutionalized child from this two per cent limitation.

In a 140-word telegram to Ways & Means Chairman Frank Lanterman (R-47), Vice Chairman Robert Crown (D-14) and L.E. "Bud" Collier (R-54), Conklin referred to the estimated one-million dollar annual cost of the program. The financial factor is important," he said, "but in this case, a wide array of volunteer and professional staff now working in our agencies would work with the public schools and easily double the value of the state dollar participation.

B. J. Shell

The appointment of B. J. Shell as dean of the School of Engineering of California State Polytechnic College, Kellogg-Voorhis, Pomona was announced this week by President Robert C. Kramer.

Navy has nuclear program

Enlistments in the Navy nuclear power program are open to eligible young men in the 17 to 23 1/2 year old age bracket who have completed one year of algebra, geometry or trigonometry with at least a C average, reports the local recruiter.

For more information, contact the Navy recruiting office at 10665 Mills Ave., Montclair, south of Holt Boulevard, or call 621-4213.

Persons qualified for the program will receive a guarantee of a Navy Class A School plus the Navy Nuclear Power School, the recruiter reported.

"The schooling and training may last up to 2 1/2 years including six months to a year of training on a nuclear reactor before reporting aboard ship," the recruiter said.

Rare maps on display

Rare and ancient maps of Asia are on display this summer at Honnold Library of The Claremont Colleges in Claremont.

One large map of the Holy Land is from a 1486 atlas printed in Germany. It lists the tribes of Israel. Among other rarities in the collection are an Italian pocket atlas printed in 1548 with maps by Giacomo Gastaldi, a 1636 English edition of a Mercator atlas and a 1666 Japanese atlas, the first printed in Japan.

Failure to report car sale can cause trouble

The police are at your door with a warrant. "You have failed to pay ten parking tickets," they tell you. "Your car's license plate number was written on all of them."

"There's been a mistake, officers," you insist. "I sold that car a year ago."

"Tell that to the Department of Motor Vehicles," say the police. And they aren't kidding.

DMV Director Robert

Cozens reminds motorists that the department's Sacramento computer responds instantly to a police department's query, "Who owns this car?" But the computer can be hopelessly wrong if somebody hasn't informed DMV that a vehicle has been bought or sold lately.

"That's why we have a little blank form - registration form 138 - which you can use to tell us that you gave transferred

your interest in a motor vehicle to someone else," Cozens said. "Then even if the vehicle's new owner fails to notify us that he bought it from you, you're generally off the hook for transgressions occurring after the date of sale."

Cozens added that it's still the buyer's duty to inform DMV within ten days after taking delivery of a vehicle, so that the ownership records can be rewritten in his

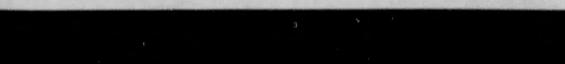

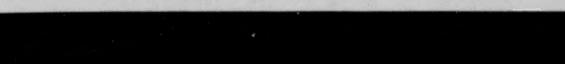

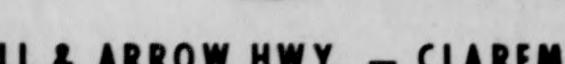

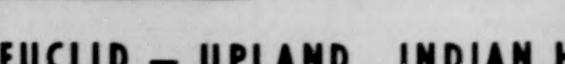

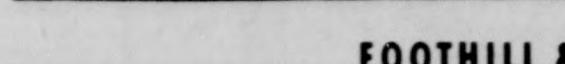

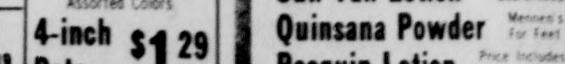

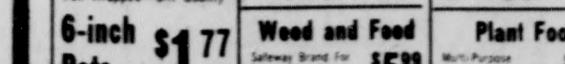

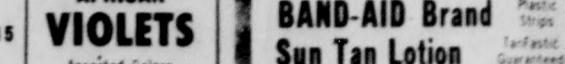

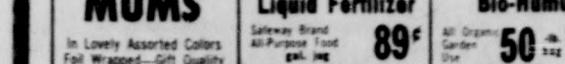

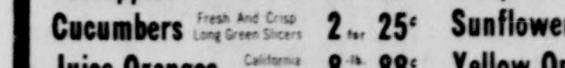

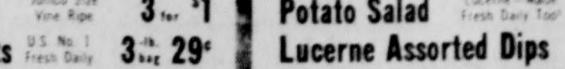

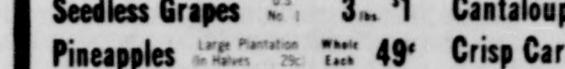

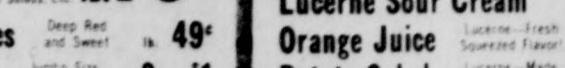

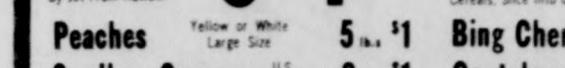

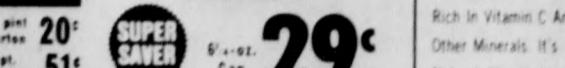

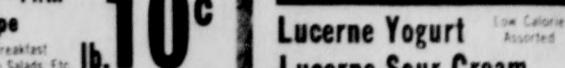

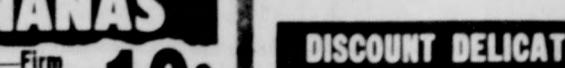

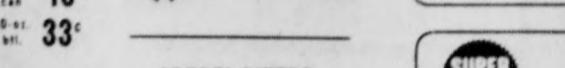

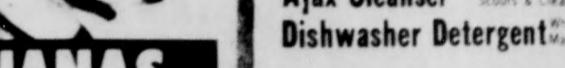

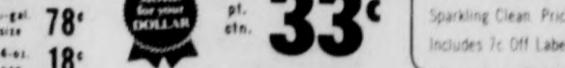

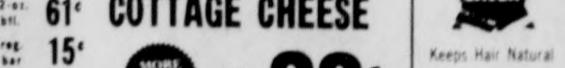

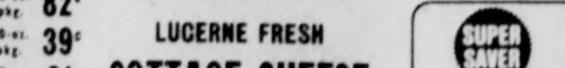

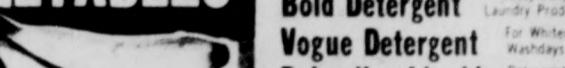

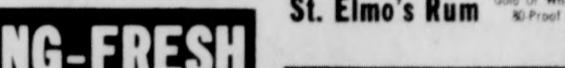

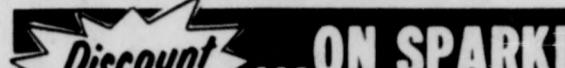

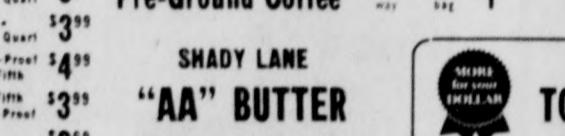

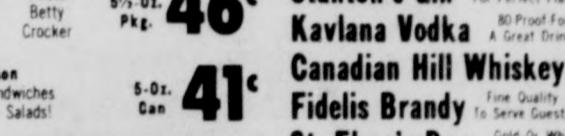

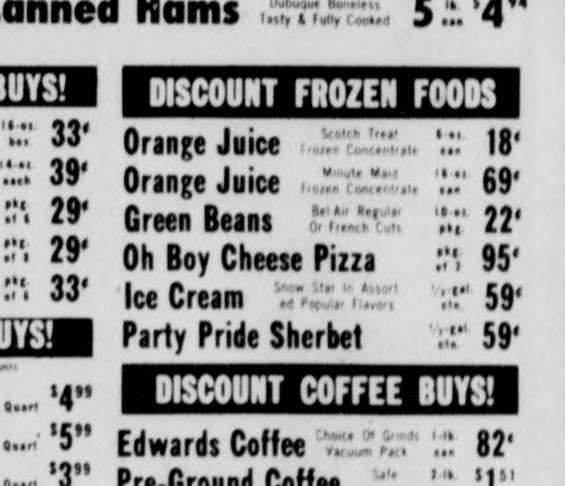

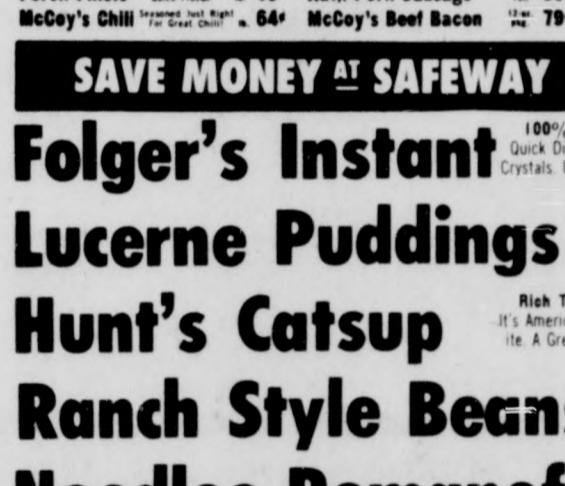

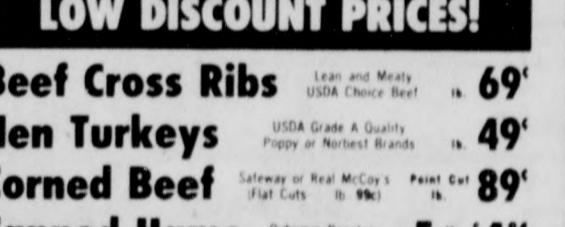

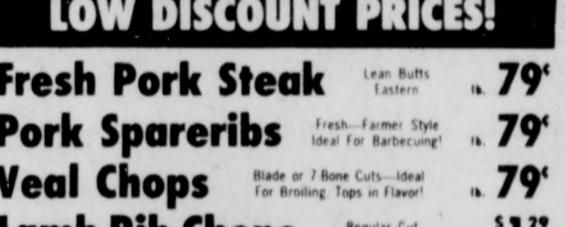

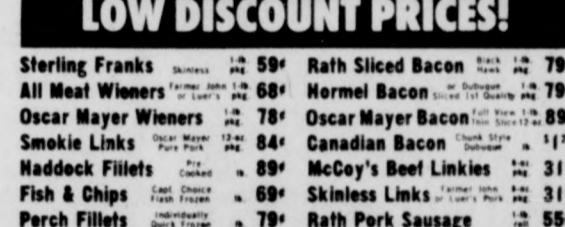

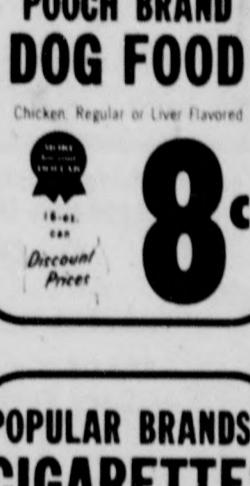

Edison names consultant

William H. McGurty, 45, industrial coordinator of the Economic Development Commission of San Bernardino County for the past 11 years, has joined

Southern California Edison Company as area development consultant, announced by F. J. Rohring, Edison's manager of area development.

McGurty was the 1969 recipient of the Los Angeles Area Chamber of Commerce "Totem Pole" award for contributing significantly to the area's industrial growth. In 1963, Rohring was the first to receive the honor which now is presented annually to the man considered "tops on the Southern California industrial development totem pole."

CITY OF SAN DIMAS
NOTICE OF
PUBLIC HEARING
PROPOSED CHANGE OF THE
SAN DIMAS ZONING ORDINANCE

Notice is hereby given that a public hearing will be held by the San Dimas City Planning Commission on a proposed amendment to the San Dimas Zoning Ordinance.

Such hearing will be held on TUESDAY, AUGUST 4, 1970 at 7:30 P.M. in the Council Chambers, 245 East Bonita Avenue, San Dimas, California.

Testimony will be heard for and against said proposed amendment to delete coin-operated car washes as a permitted use in the C-2 Zone and to require a conditional use permit for all car washes in the C-H Zone, and such other changes or amendments as the Planning Commission may recommend in the interest of public health, safety and general welfare.

Information concerning the proposed amendment may be obtained by the public in the Planning Department, San Dimas City Hall, 245 East Bonita Avenue, San Dimas, California.

NOTICE OF PUBLIC HEARING BEFORE LA VERNE PLANNING COMMISSION

NOTICE IS HEREBY GIVEN of a public hearing to be held before the La Verne City Planning Commission, on Tuesday, July 28, 1970, at 7:30 P.M. in the City Council Chambers of the La Verne City Hall, 2061 Third Street. The Planning Commission will consider the following application.

A proposed Variance from section 9762-11 of the La Verne Zoning Code consisting of a future commercial building to be developed with fewer off-street parking spaces than is required by code.

The property in question is described as 2332 "D" Street or generally located on the east side of "D" Street between Bonita Avenue and the first east-west alley southerly thereof.

All maps and information pertinent to the above application are on file in the office of the Planning Director. Any person interested in the above proceedings may appear at the time and place indicated to testify in support of or in opposition to the subject application.

Award winner

Tom Rees, son of Mr. and Mrs. Thomas Rees, 23801 Cholame Road, Diamond Bar, was one of 12 Pomona Valley high school graduates who received an award from Pomona Lodge 789 in the Elks Leadership Award program.

A Ganessa High School graduate, Tom was club council president and a member of Key Club, California Scholarship Federation, Letterman's Club, varsity football and track, and Coronets.

He was also an American Legion delegate to Boys' State.

Tom Rees

Vacation driving is life or death matter

"Vacation motoring is unlike city driving", said President James E. Kenney of Greater Los Angeles Chapter - National Safety Council.

Issuing what he called "life or death information" for motorists planning vacation trips, Mr. Kenney said: "Every year, more auto fatalities occur in the country than in the city. Last year there were more than 56,000 motor vehicle deaths in the United States and nearly 40,000 of these occurred in rural areas. That's 8 out of 10."

Urging city motorists to adapt to different driving conditions in the country, Mr. Kenney gave three reasons for the higher rural auto death toll: "Vacationing motorists are often in a relaxed mood.

Carefree drivers become careless drivers. They are also driving unfamiliar roads and usually are trying to keep to a schedule.

1 - Use extra caution when driving after dark in rural areas. More than half the rural auto fatalities occur at night.

Chances of vehicle occupants being killed at night in the country are ten times greater than for pedestrians. Last year there were 18,000 passenger and driver deaths compared with 1,800 pedestrian deaths.

2 - Defensive driving, or watching out for the other fellow, is especially important. Collisions with other cars cause three times more fatalities than they do in the city. And more than 16% of all rural traffic deaths are due to driving to the left of the center line.

3 - Freeways are safest for country driving. The death rate on freeways is 2.7 per hundred million miles of vehicle travel, compared with a death

4 - Keep your eyes and your car - on the road. One-third of all rural auto deaths are due to the car running off the road.

5 - Be especially careful on open roads. More than twice as many fatal accidents in the country occur at non-intersections than happen at intersections.

6 - Don't drive too fast. One-third of all rural auto deaths are due to speed. The chances of being killed in an accident increase at a faster rate than the increase in speed.

Corral Camp

Showing Jeanne Zangler, Upland, how to hold Sheiks' reins, is Leslee Snyder, Upland. The girls will be among 100 Girl Scouts from the Spanish Trails Girl Scout Council participating in a two week specialized day camp called Corral Camp which will be held in Glendora. It's a "horsey" camp for beginning riders.

Casa Colina offering perceptual work

Casa Colina Hospital for Rehabilitative Medicine offers a new group program in perceptual-motor training for children from five to ten years of age who have, or may have, perceptual or neurological problems.

Miss Carolyn Gin, a member of Casa Colina's staff, and a registered occupational therapist, is coordinator of the program. Classes meet three afternoons weekly, from 1 to 2 o'clock, July 1, to September 4.

Miss Gin advises that specific and individualized techniques will be used to aid the children enrolled in the program. "We expect to emphasize body concept, coordination skills, spatial relationships, and form and space perception in the activities of our program." Weekly discussions with the parents of the children in the classes are planned also.

According to Miss Gin, perceptually handicapped children evidence difficulty in coping with their environment, and may present behavioral problems, learning disorders.

ITEM: Meat is noted for being an excellent source of protein, but it has much more to offer nutritionally. It's an excellent source of B-vitamins, including the "pep" vitamin, thiamin. Pork is the best source of this vitamin, but other meats also supply important amounts.

For beauty's sake

The San Dimas Jaycee Wives, some of whom are pictured above, turned out in full force recently to help weed and plant the Johnstone Girl Scout house as part of the beautification project to rid the city of weeds. Children who accompanied the women also did their share of pulling.

CMC students

Two students from LaVerne and San Dimas have been accepted at Claremont Men's College for the fall semester.

Admitted are Kenneth Scott Thompson, son of Mrs. Sara L. Thompson of 4790 Chamber Ave., LaVerne and Byde W. Clawson, son of Mr. and Mrs. Eldon R. Clawson of 1222 Via Del Sol, San Dimas.

When classes open in the fall the college will have 800 students, including 240 freshmen and 35 transfers.

ITEM: Blisters usually form on exterior varnish doors when the top is not properly finished. The bottom may also absorb water from snow or rain. Painting will help prevent blistering in both cases.

Champ

Debbie Partin, daughter of Mr. and Mrs. Gorman Partin, will represent Montclair in the state finals of the Whamo hula hoop competition in Torrance on August 14. Debbie took first place in the city wide hula hoop tournament held June 3. She represented Kingsley playground. Holding Debbie's award in the foreground while Debbie demonstrates, is a friend, Linda Ratcliff.

Space industry studying air pollution problem

WASHINGTON -- It's not generally known, but the hard fact is that NASA is very much involved in aeronautics research.

That first A in NASA stands for aeronautics as you can see when we spell out National Aeronautics and Space Administration.

It's not all astronauts, satellites, spacecraft and rockets way out yonder. Much of NASA's work is gutsy, down-to-earth stuff like air pollution, for instance.

Furthermore, these do not all relate to aircraft; some relate to automobiles.

Much of the work is in the study phase, like that going on at NASA at the Massachusetts Institute of Technology in Cambridge, Mass.

So when Indiana Con-

gressman Richard L. Roudebush asked NASA officials recently what exactly is NASA doing on scientific research into control of pollution, specifically not soot, but the invisible pollution from aircraft that he understood is the dangerous pollution for man, he wasn't at all surprised to learn that NASA had at least a dozen anti-air pollution research projects underway.

This hardly seems a proper role for an agency with its eyes on the stars, but it is a proper role indeed for the space agency to be involved in the fight against pollution.

So when Indiana Con-

Age doesn't tell everything

How rapidly your daughter matures physically may be a more reliable guide to her social and emotional growth than is her chronological age, Margaret S. Faust, Associate Professor of Psychology at Scripps College, believes.

She has received a \$13,541 grant from The Grant Foundation of New York to pursue her studies of adolescent girls' growth patterns during her 1970-71 sabbatical from Scripps.

Mrs. Faust plans to use data obtained from studies conducted at the Institute of Human Development at the University of California at Berkeley.
